Special Properties Real Estate Services, an exclusive affiliate of Christie's International Real Estate, announced its latest brokerage expansion with the opening of its new office in Montclair.

Located at 209 Cooper Ave., the office is its first location in Essex County and brings the firm's high level of customer service to northern New Jersey, Special Properties said.

"Since our inception, our goal has always been to bring Special Properties and the Christie's brand to this thriving suburban enclave," says Sonja Cullaro, executive vice president of Special Properties. "Montclair, known for its quality real estate, active business districts, and dedication to the arts, provides us a great location and environment in which to expand our brand. This Upper Montclair location puts us in one of the most historic portions of Essex County and in one of the most active business environments in the region."

Juan Rivera, Special Properties' regional vice president for the area, will have oversight of the office, and Merle Martin will serve as the designated realtor of this new office. Recognized local realtors including Madison Frazier, Ian Loew, Merle Martin, Brandon Keena, Donna Keena, and Amy Pretto will be joining the Special Properties family as Realtor Associates.
